

## New DS-M/LAB pump model

Our successful DS-M pump model have now a new variant called DS-M/LAB

**What does it change:** the pump head.

### Where to apply each model:

DS-M: 24h/7d service, heavy duty applications, industrial applications, long life tube expectations, no frequent tube replacements needed.

DS-M/LAB: where a fast and easy tube replacement is needed, like laboratory applications, one tube for each color in printing or similar applications, one tube for each flavor, one tube for each product, etc.

**Prices:** exactly the same in both cases.

You can use our traditional price list with same discount and choose traditional DS-M pump head or the new DS-/LAB pump head.

**Drive and motorization:** exactly the same in both cases.

**Delivery term:** normally 1-2 weeks.
