

Best in Class

O 5.4 - O 5.8

O 5.4

O 5.8

O 5.6

- 3 compact model sizes from 2.4 up to 5.7 CFM
- Ultimate pressure 2.25 / 1.5 TORR
- Small dimensions, low weight, easy to integrate
- Gas ballast valve (from O 5.6 and above) for ultimate pressures of 3.0 mbar abs.
- Pump types O 5.4 and O 5.6 specially developed for the demands of table packaging machines
- Pump type O 5.6 as a very robust solution for various demands in the entire industry
- Available in different motor voltages for worldwide operation
- Highly efficient oil separator element for the most effective oil separation
- Ideally suited for vacuum packaging of food (meat, fish, meat products, cheese ...)
- In addition to the extended accessory range, the development of customized pumps, even for small quantities, belongs to BECKER's core competencies

| | O 5.4 | | O 5.6 | | O 5.8 | |
|----------------------|-------|-------|-------------------|-------------------|-------------------|-------------------|
| | 50 Hz | 60 Hz | 50 Hz | 60 Hz | 50 Hz | 60 Hz |
| CFM nominal air flow | 2.4 | 2.8 | 3.8 | 4.4 | 4.7 | 5.7 |
| TORR | 2.25 | 2.25 | 1.5 ¹⁾ | 1.5 ¹⁾ | 1.5 ¹⁾ | 1.5 ¹⁾ |

1) 2.25 TORR with gas ballast valve
