

SIDE CHANNEL BLOWERS SV 130 – SV 1100

BECKER SIDE CHANNEL BLOWERS

A perfect fit for your individual operating conditions and special application: The Becker side channel blower is the custom-designed solution that fulfils your requirements.

ADVANTAGES

- Made in Germany
- Seven compact frame sizes (both single and double stage) from 70 up to 1250 m³/h
- Use of UL-listed materials only
- Connection geometry remains the same for both single and double stage versions
- Significantly longer maintenance intervals due to a double filter surface within even smaller side channel blower

CUSTOMIZATION

- Combinable integrated accessories (patented)
- In addition to the extended accessory range, the development of customized pumps, even for small quantities, belongs to our competencies
- All sizes are available with Becker frequency inverters as VARI AIR UNIT

EFFICIENCY

- Higher efficiency by providing higher volume flow with the same installed motor power
- Highly efficient IE3 motors in 11 different power ratings
- Optional extended operating range and functionality through VARI AIR technology available across the entire series
- Low operating and exhaust temperatures

THE BECKER SOLUTIONS

As a leader in the field of suction and blast air we offer complete solutions driven by your individual needs.

The Becker side channel blowers are the ideal solutions for

- Pick & Place,
- Pneumatic conveying,
- Fixation and
- Blast air applications across many industries.

OUR SOLUTION COMPONENTS

▪ CUSTOMIZATION

We develop customized solutions for your individual requirements and applications.

▪ EFFICIENCY

We optimize your air supply to ensure a better efficiency for your complete system.

▪ SUPPORT

Our consulting and planning add value to your individual application for an optimal solution.

▪ COMPETENCE

With over 130 years of experience, we have the expertise to create innovative solutions for your current and future needs.

▪ SERVICE

Our worldwide subsidiaries and representatives are able to provide service solutions to meet your individual needs.

▪ PRODUCTS

We develop “Best in Class” solutions from individual units to entire systems according to your specific requirements.
